Auditor's Report

To the Board of Selectmen of the Town of Moultonboro,
New Hampshire:

In accordance with your request, we have performed an examination and audit of the financial affairs of the Town of Moultonboro (exclusive of the Moultonboro School District) for the calendar year 1967. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such audit procedures as we considered necessary under the circumstances.

In our opinion the statement of current working assets and liabilities as reflected in the annual report of the Town of Moultonboro, as at December 31, 1967, (exclusive of the Moultonboro School District) and the statement of receipts and disbursements of the Town of Moultonboro, (exclusive of the Moultonboro School District) and the results of budget operations for the year 1967, present fairly the financial position as at December 31, 1967, and the result of budgetary operations for the year then ended in conformity with generally accepted accounting principles, applicable to governmental operations in New Hampshire, applied on a basis consistent with that of the prior year.

Librarian's Report

The Moultonboro Library's report for 1967 shows a marked increase in use over the preceding year despite its crowded condition.

The School library branch is in its ninth year with Mrs. Isabelle Behr, Mrs. Hazel Dale and Mrs. Mae Nelson in attendance. This year 6106 books were loaned to students and teachers. I am wondering if the townspeople realize the value of this donated time in dollars and cents.

The library has received the donations of fine books from several sources. Among the donors were Mrs. Harold Monroe, Mr. and Mrs. Randolph Stone, Mr. and Mrs. Stanley Heath, Mrs. Freda Hayden, the family of Miss Elizabeth Burbeck and several others.

Memorial books were given in memory of Mrs. Myra Bacon by Mrs. William Courchene and Mrs. Inez Aston by Mrs. Charles McGinnis. Also several summer residents have presented some cash donations which were gratefully received.

The library trustees have been making plans and studies of our extremely overcrowded library situation. It was planned to use the now vacant selectmens' room, but studies have shown that the space is inadequate for about 2500 books that are now in poor locations for circulation. The books which are now in improper places will more than fill the vacated room. After much study the trustees hope that the town will build an addition to the rear of the building.

The Moultonboro Library is the town's only library and it is free to all residents and non-residents alike. We have a fine collection of books on nearly all subjects from antiques to space age.

The library statistics are:

Circulation	1967	1966
Fiction	4256	3923
Non Fiction	2518	2060
Juvenile	2767	2225
Magazines	357	534
Total	9898	8742
Schoolbranch	6106	5561
Total	16004	14303

The number of books purchased was 505 and 114 were donated, making a total of 619 books added to the library. Discards numbered 157.

Library hours are:

Sept. 1 to July 1
Wednesday and Saturday 2 p. m. to 4 p. m. and 7 p. m. to 8 p. m.

July and August
Monday, Wednesday and Saturday 2 p. m. to 5 p. m. and 7 p. m. to 8 p. m.

Moultonboro Planning Board

Annual Report

On May 30, 1967 the first meeting of the newly reactivated Planning Board was held at the town office. Mr. Wm. Visser was elected to the chairmanship for one year and Selectman Smart appointed a member of the board, exofficio for one year.

At the outset the meetings were of a general discussion type and much time was devoted to collecting information and becoming familiar with community planning procedures. It was at this time that the board learned that when the Planning Board was reactivated by the town vote this act automatically compels the board, within the limits of its appropriation, to draw up a master (Comprehensive) plan for the town of Moultonboro. A Master Plan is a guide to developing a town which usually takes two years or more to perfect and entails analyzing the town including physical features, services and highways to determine the assets as well as the problem areas, both present and future. It also necessitates the purchase of several maps with which to work. After such a study the Board then presents its findings and recommendations to the town and it is up to the voters to accept or reject them. Studies of a Planning Board are all directed toward development and implementation of a master plan for a town. It is important for the residents to remember a Planning Board is only in an advisory capacity, and cannot make any laws.

Your Board felt it only right to get the views of our residents on pertinent subjects and spent several meetings compiling the Community Survey which was mailed out on December 7, 1967. The response percentage-wise was excellent, but we were disappointed that more didn't take this opportunity to express their opinions.

To obtain the general feelings of our nonresident taxpayers, which is over 75% of tax income in town, the board also mailed 100 questionnaires at random to folks from different areas of town.

The following is a breakdown to date.

Because questions 10, 11 and 12 asked for comments, the answers covered innumerable subjects and we find it impossible to tabulate them in this report.

As you can see a vast majority of the returns indicated satisfaction with the town as a whole but they also expressed need for regulations governing future development. With this in mind your Board will direct their efforts in this

direction always trying to keep your answers to the survey before them.

The Board had several guests attend meetings in the first eight months with an average of one visitor per month.

In July Mr. David Scott, a representative from D.R.E.D. attended one of the sessions. He brought a sizable amount of material to better acquaint the members with Planning Board Procedures. After briefly going over these pamphlets and books the remainder of the evening was spent discussing the problems, both present and future, of our town and the possible ways of presenting them to the voters. This meeting with Mr. Scott was most fruitful and we are sure the information gained will help to guide us in the future.

Dr. George Geyer and Prof. Robert Monier from the Institute for Research and Services at St. Anslems College in Manchester asked to meet with the Board. It was at this time that we learned that Moultonboro had been selected out of nine towns in a similar category, residential-seasonal-recreation, in the State for a study financed by the Federal Government. The outcome of this meeting was that we were asked to cooperate by notifying the Institute when a problem came up — if it was solved and how it was done. It is hoped the results of this survey will help other towns, in the same category, to cope with similar problems.

The Planning Board meets the first and third Thursday of each month at the town offices and will welcome anyone who wishes to stop in be it to praise, criticize or suggest. We're here to try to carry out your wishes. Don't hesitate to drop in.

Report of the Forest Fire Warden and District Chief

After several successive years of drought, the rains of 1967 came as a welcome change. Our record of the past fire season is good. Our thanks to all who contributed to achieve this good record. Continued improvement in the matter of accurate, prompt detection and rapid effective suppression action can help to maintain this good, worthwhile record even though we do not have an abundance of rain as in the fire season of 1967.

It will help if we follow these simple suggestions:

1. No burning of debris and waste between the hours of 9:00 A. M. and 5:00 P. M. and then only with a written permit from the Forest Fire Warden.
2. Take debris and waste to the town dump.
3. Maintain a clean, safe dump.
4. Keep matches away from young children.
5. Be sure matches and smoking material are dead out when we discard them.
6. Set a good example for others in fire prevention.
